OFFENSE ASSAULT FIREARM	REPORT DATE 08/10/2016 02:13	INCIDENT REPORT 08/10/2016 02:13	VICTIM GLENN, RICO LAMAR
----------------------------	---------------------------------	-------------------------------------	-----------------------------

While driving southbound on Pine at Franklin at 0213, I heard what sounded like one gunshot coming from the west. I continued south on Pine, went east on Vine, north on Madison, and turned west on Franklin. I heard 8-12 gun shots in rapid succession coming from the west. As I crossed Pine, I saw a gray SUV northbound on St. John's. When I got to the intersection of Franklin and St. John's, a (unknown) male was vigorously pointing at the SUV. I followed the SUV which turned east on Albert, north on Pine, and rolled through the red light turning east on Kibby. I followed the vehicle, which was being operated on a flat tire. Additional officers got behind me as we crossed Sugar. The SUV turned north on Collins. I initiated a traffic stop. The driver, Michelle McLellan, put her hands out of the driver's window. She yelled there was a gunshot victim, Rico Glenn, in the back seat. I had Ms. McLellan exit the vehicle. Other officers approached and checked the back seat of the SUV. Officers spoke with Mr. Glenn, who had been shot. I spoke with Ms. McLellan. She said when she dropped Mr. Glenn off at a relative's house on St. John's, and a black 4-door sedan rolled by and opened fire. She described the vehicle as a Pontiac Grand Am. An ambulance was called for Mr. Glenn. An impound was requested for the SUV. While waiting for both to arrive, PTL Montgomery radioed he had what he believed was the suspect vehicle on Pine at Albert. PTL Leland told me he would stay with Ms. McLellan and Mr. Glenn. I should go back PTL Montgomery.

When I arrived at PTL Montgomery's traffic stop, he and TPR Murphy were struggling with a female driver, later identified as Kandace Bulls. After she was taken into custody for possession of cocaine, I transported her to LPD.

The rest of the shift and I went to 516 S. Pine at 0600 on a tip the suspect, Eric Irons, was there. The vehicle used in the shooting was parked in the lawn behind (west side) of the residence. Officers made contact with a resident, Tyesha Ward. After officers told Ms. Ward why they were there, Ms. Ward shut the door and would not speak with officers any more. Officers set up a perimeter around 516 S. Pine as a barricaded, armed, violent suspect was inside. While waiting for a search warrant for 516 S. Pine, a black Tahoe operated by Brittany Osberry pulled into the driveway. I approached the vehicle with my duty sidearm at the low ready, giving loud verbal commands for Ms. Osberry to leave. She refused. Ms. Osberry exited the vehicle, stating she was going to get relatives out of the house. When I told her she was not going to do that, she insisted she was. PTL Montgomery and I arrested Ms. Osberry, who resisted arrest by, stiffening her arms, twisting her body, striking PTL Montgomery in the face, and yelling at officers to let her go. Ms. Osberry was eventually taken into custody and transported to AGSO jail by PTL B.T. Thompson.

When an occupant of the house, Tyesha Ward, exited the house with her kids, I was instructed to ask her a few questions about the evening: (a) what time Eric Irons arrived there? She stated she did not know for sure. (b) Who had access to the vehicle parked behind the residence? She stated she did not know for sure. Probably someone Eric (Irons) or Ravon (Upthegrove) knew. (c) Where would the firearms be hidden in the house so we wouldn't have to risk any damage to the house looking? She denied any knowledge of any firearms in the house.

I resumed perimeter security until relieved by first shift officer.

OFFENSE ASSAULT FIREARM	REPORT DATE 08/10/2016 02:13	INCIDENT REPORT 08/10/2016 02:13	VICTIM GLENN, RICO LAMAR
----------------------------	---------------------------------	-------------------------------------	-----------------------------

rims as the video. The motor vehicle was impounded and held at Army's. I knocked on the front door and spoke with a female. I told her to go get Eric. She refused and shut the door. Approximately five minutes later Ptl. Slusher observed a light skin black male with distinct tattoos attempting to go in to the basement. As soon as he observed Ptl. Slusher he went back upstairs. Ptl. Slusher knew it to be Eric as he had just photographed him when he had been shot.

Ptl. Jennings was contacted and provided all the information. We waited while a search warrant was written. I spoke with Eric on the phone briefly and told him to come out as it would be easier on him the children and his girl. I told him to just come out of the front door. He said "we will see."

The roadway was blocked and numerous officers in marked uniforms were around the residence. A black suv stopped in the gas station lot across the street. It then accelerated kicking up stones and dust and drove across the street into the driveway of 516 S. Pine. At this point we could not see who was in it or what their intentions where. Also the high possibility due to all the facts gathered that there was a subject in the house with a gun we needed them out of the drive. We also did not know if the person was attempting to get officers out from cover to be ambushed. Ptl. Frysinger gave numerous commands for the subject later identified as Brittany Osberry to leave. She refused to do so arguing and cursing. She was told she was now being disorderly and to leave due to her disrupting an emergency scene. She again refused to do so. She was told she was under arrest and to exit the motor vehicle. She refused to do so. She was screaming and completely out of control acting as a child would throw a tantrum. She was fighting and screaming as loud as she could. Officers were now completely exposed to the house attempting to arrest Brittany. We had to force her against her car to gain her compliance. I told her numerous times to "stop." She would not comply and actively fought with officers. She was hard to grab due to her small stature and she was flailing every part of her body. At one point due to Brittany screaming and fighting with officers she was able to get partially turned around punched me in my left eyebrow. I told her she just punched me. She still would not stop fighting with officers and would not stop her behavior and violent demeanor and was now inciting the crowd that was growing. Brittany was kicking at officers and while doing so kicked her sandals off. After numerous attempts we were able to gain control of Brittany. Even though Brittany actively assaulted officers we attempted to refrain from taking her to the ground due to her claiming to be pregnant.

I had to pull Britany down the sidewalk in an escort position just to get her compliance. She was still yelling and cursing all the way to a patrol car. She was transported to LPD.

We had to check the motor vehicle Britany drove into the driveway to make sure no one was hiding inside or any "booby traps" had been set for officers. Brittany was charged with Assault, OOB, PDC and Resisting Arrest.

I did have a red mark above my left eyebrow that was photographed with minor soreness. The scene was later transferred to Det. Jennings and the ACSO Swat.
